Our Story

Since its opening back in 1999, the Schwarzmarkt Café has established as a true institution in Dresden. The café has developed from a former art café with smokey charm to a modern coffee house and stamping ground for young and old. If you are worried now – the name of the café goes back to the former founder, who was named Schwarz as well as the proximity to the Dresden market hall. The term Schwarzmarkt equals “black market” in English but as you just learned, there is no such illegal action going on here... hopefully.

When we got the opportunity to take over the café, we took up the great challenge and run the Schwarzmarkt Café since 2008 according to our very own expectations. The mix of traditional coffee house style and carefully placed futuristic design elements creates the special ambience that our guests love so much. In addition to many guests from Dresden and around the world, artists, writers, actors and celebrities from politics and society also appreciate the relaxed atmosphere, both in the café and in our large outdoor area with a cozy lounge.

Quality is crucial for us and so, of course, we proudly produce all our sweet temptations ourselves. We use only top quality ingredients and whenever possible, we cooperate with regional producers to ensure top quality products for you.

Let our charming service staff make you feel at home and enjoy a relaxing time with us.

Your Schwarzmarkt Café team

Pleasant, cozy, casual, the extensive menu makes it hard to decide. The various breakfast offers are plentiful and well done. Everything is fresh and prepared in front of the eyes of the guests. Extensive reading offer of magazines and newspapers. Very good prices in terms of location and extremely fast service.

„Friendly welcome“

It is nice to spend a Saturday morning calmly and to be received really super friendly. The waitress was happy that you do not stress and enjoy the rest of the morning. One can laugh and joke. The coffee is extremely delicious, the chocolate with milk foam also a momentum. The breakfast is awesome. It leaves nothing to be desired. We would recommend the café to anyone.

„You can go there - but you can also leave it!“

If you go for a stroll next door in the market hall and you wouldn't like the common instant cocoa and baking mixture cake - then you are right here: Very delicious dark special cacao and good cake! Breakfast was disappointing. Ambience rather boring. Fast, friendly service.

Very cozy, friendly and good-humored service staff and delicious cakes. We felt very comfortable.

Gladly over and over again - best milk coffee of the city, great kitchen, for over 10 years my favorite café in the homeland ❤️.

What can I say, I just love it.

I cannot agree with my previous speakers. We had to wait for ages. Guest, who arrived after us, were served first and a part of my order was just forgotten. No apologies from the staff. Disgrunteled by all of that, I didn't even give a tip for the first time ever.

Unfortunately good. Seriously. I was always over there thinking: Nope, this is too trendy. This “seeing and to be seen” I don't need. I just want to have lunch and read my newspaper. Yes, and then I postponed my lunch one day to around one, half past one. It's not so crowded yet the lunch offers are often still available. And also tasty. Now I am a regular guest. For me, a real discovery. I like!

Mainstream location without special flair. But okay.

Like coming home, just always great.

Nice ambience but quite noisy =(

5 ★

Everything in this place ist perfect: coffee, food, service, all was just 5* worthy.

Very nice café with a wide offer of cakes and treats.

„Maybe bad day caught“

Breakfast delicious, food offer at moderate prices only the service leaves much to be desired. You get the feeling of a brush-off. Some do not make their job here voluntarily and look a little rough in their way.

Great food, good service. My favorite choise for breakfast.

„Great for coffee and cakes“

I had the raspberry cake and a tea. It was perfect for coffee and cakes. The café is recommended.

An institution!

When we are in Dresden, we come over. The breakfast is super - especially the marinated salmon ... the service is great ... cheeky but friendly and very attentive. I like.

„The cakes are awesome“

We felt very comfortable. The cakes and pies are simply great. A visit here is absolutely recommended!

3 ★

Nice friendly service. Breakfast is nothing special.

5 ★

Nice service, delicious cakes and pies...

Very good offer, especially on the most beautiful street of Dresden. And THE place to have breakfast and cake and read newspaper and watch people. The service is very busy but on the ball. Do not be scared by some persons :)

„Rain :(but cake :)“

We were glad that we were accommodated in the sudden rain, after enjoying the opera. The rain was not nice after such a cultural visit, but the sweet cakes and coffee here were just heavenly delicious. That had to be said :)
